

A taste of Italy with new Sacla' Black Olive Pesto

Whilst celebrating their 80th birthday in Italy, Sacla' is still finding new ways to bring authentic Italian flavours to our forks here in the UK.

This time, the family business is taking its Pesto expertise to a new level with a tempting Black Olive Pesto. The enticing recipe combines dark Italian olives with oil, nuts, cheese, fragrant basil and a dash of Balsamic vinegar.

As versatile as it is tasty, the rich olive flavour adds a piquant touch to lazy lunches and mid-week meals and helps party hosts create crostini with a unique twist. Why not dollop on pizza, spread on fillets of fish for that Italian touch, or simply swirl into your favourite pasta.

Eager to experiment? Sacla' Black Olive Pesto will be on the shelves in Sainsbury's from the end of May, for just £2.50 (RRP).
